THE Year 12 Valedictory at Fremantle Town Hall was a great success with North Lake students shining in a number of ways. The evening was enhanced by performances by music students Shorty, Ben, Cailee, Aly, Bruno and Blaine.

Lee Van Brink, a prize winner at the 2006 North Lake Valedictory, was guest speaker and her message of taking responsibility for decisions, persevering and working hard was timely. Lee is now a clinical pharmacist at Fremantle Hospital and said she is, "... one of those crazy people who loves getting up in the morning and going to work."
