Different by design.

Our student-centred approach to learning and care allows us to do things a little differently. We are a safe, well-resourced place of learning, committed to helping students reach their full potential.

We have a strong commitment to student care. Our campus has a dedicated team of specialist staff who support students in their academic, social and emotional wellbeing.

We enrol compulsory and mature aged students from public, independent and alternate schools from all over Western Australian and the world. We have full-time and part-time students and offer three distinct pathways:

- A mainstream Year 11 and 12 program located at our main campus in Kardinya.
- An engagement program called Fast Track situated at our Fremantle Campus.
- An Intensive English Centre also situated at the main campus.
