

QUESTION

How can I book my COVID-19 vaccine?

ANSWER

To find out when it is your turn to get the COVID-19 vaccines, you can use the Eligibility Checker at [health.gov.au](https://www.health.gov.au) Once you complete the Eligibility Checker you will see a list of places you can contact to book to have your vaccine. If you are receiving your vaccination at a government vaccination clinic, you won't need a Medicare card.

For more information on how to book your COVID-19 vaccine call **1800 020 080**.
