

## Western Australian Statement of Student Achievement (WASSA)

The WASSA is issued to each student at the completion of Year 12. The WASSA lists all courses and programmes that a student has completed, and the grades and marks achieved. The WASSA formally records, as relevant:

- achievement of WACE requirements
- achievement of the literacy (reading and writing) standard
- achievement of the numeracy standard
- achievement of any exhibitions and awards
- school grades, school marks and combined scores in ATAR courses
- school grades and school marks in General and Foundation courses
- completed Preliminary units
- completed VET industry specific courses
- successfully completed VET qualifications and VET units of competency
- completed endorsed programmes
- number of community service hours undertaken (if reported by the school)

## Western Australian Certificate of Education (WACE)

The WACE is awarded by the School Curriculum and Standards Authority (the Authority) when students successfully meet the WACE requirements. Achievement of the WACE acknowledges that at the end of compulsory schooling, students have achieved or exceeded the required minimum standards in an educational programme that has suitable breadth and depth.

To meet the WACE achievement requirements, **students must:**

- demonstrate a minimum standard of literacy and a minimum standard of numeracy
- complete a minimum of 20 units, or equivalents as described below
- complete
  - at least five Year 12 ATAR courses or General courses **\*\*OR**
  - a Certificate II **\*\*\*** (or higher **\*\*\*\***) VET qualification in combination with ATAR, General or Foundation courses.

\* In the context of ATAR courses in the WACE, the term 'complete' requires a student to sit the ATAR course examination or has an approved sickness/misadventure application for not sitting the examination in that course. Students who do not sit the ATAR course examination will not have a course mark or grade recorded on their WASSA, nor will they receive an ATAR course report. The pair of units will not contribute to any WACE requirements.

**Note:** for ATAR courses with practical components, students must complete both the written and practical examinations.

\*\* Foundation courses do not contribute to meeting the WACE achievement requirement with this option. Students taking Foundation courses must complete a Certificate II or higher.

\*\*\* In the context of VET in the WACE, the term 'complete' requires that a student has been deemed competent in all units of competency that make up a full qualification.

\*\*\*\* The partial completion of a Certificate III or higher VET qualification may meet this requirement according to predetermined criteria (see the WACE Manual for further information).

## WACE requirements 2021 and beyond

1

### General requirements

You must:

- demonstrate a minimum standard of literacy (reading and writing) and a minimum standard of numeracy
- complete a minimum of 20 units, or equivalents
- complete
  - at least four Year 12 ATAR courses **OR**
  - at least five Year 12 General courses and/or ATAR courses or equivalent **OR**
  - a Certificate II (or higher) VET qualification in combination with ATAR, General or Foundation courses.

2

### Literacy and numeracy standard

For the WACE literacy and numeracy standard you may:

- pre-qualify through achieving Band 8 or higher in the reading, writing and numeracy tests of the Year 9 National Assessment Program – Literacy and Numeracy (NAPLAN), or;
- demonstrate the minimum standard of literacy and numeracy by successfully completing the relevant components of the Online Literacy and Numeracy Assessment (OLNA) in Year 10, 11 or 12.

3

### Breadth and depth

You must complete a minimum of 20 units, which may include unit equivalents attained through VET and/or endorsed programs. This requirement must include at least:

- a minimum of ten Year 12 units, or the equivalent
- four units from an English course, post-Year 10, including at least one pair of Year 12 units from an English learning area course
- one pair of Year 12 units from each of List A (arts/languages/social sciences) and List B (mathematics/science/technology) subjects.

4

### Achievement standard

You must achieve at least 14 C grades or higher (or equivalents) in Year 11 and Year 12 units, including at least six C grades (or equivalents) in Year 12 units.

5

### Unit equivalents

Unit equivalents can be obtained through VET qualifications and/or endorsed programs. The maximum number of unit equivalents available through VET and endorsed programs is four Year 11 units and four Year 12 units with a maximum of four units with endorsed programs – two in Year 11 and two in Year 12.

## WACE Courses

There are three types of courses developed by the Authority offered at NLSC.

1. ATAR course units for students who are aiming to enrol in a university course direct from school. These courses will be examined by the Authority and contribute to the achievement of an Australian Tertiary Admission Rank (ATAR).
2. General and Foundation course units for students who are aiming to enter further training or the workforce directly from school. These courses will not be examined by the Authority.
3. VDSS - VET Delivered to Secondary Students courses for students who are aiming to enter further training or the workforce directly from school. VDSS courses have been developed in close consultation with WA Industry Training Councils and include a full, nationally-recognised qualification and mandatory industry-related workplace learning.

There are two types of programmes which can also contribute to the WACE:

1. VET qualifications are for students wishing to participate in nationally recognised training. All VET qualifications require registered training organisation (RTO) delivery, assessment and quality control under the relevant VET regulatory body. A Certificate II or higher is one option for helping to meet the WACE requirements. VET credit transfer can contribute up to eight of the 20 units you need to achieve your WACE. These qualifications contribute to the WACE as unit equivalents.
2. Endorsed programmes provide access to areas of learning not covered by WACE courses or VET programmes and contribute to the WACE as unit equivalents. Endorsed programmes may replace up to two Year 11 course units and two Year 12 course units you need to achieve your WACE. Endorsed programmes can be delivered in a variety of settings by schools, community organisations, universities, training organisations and workplaces. The list of endorsed programmes is available on the Authority website.

It is possible to mix and match these options to provide yourself with the best platform to meet the requirements to achieve your WACE – and for life beyond school.

## Multiple pathways to achieve the WACE

The WACE breadth and depth of study requirement previously outlined, specifies that students must complete a minimum of 20 units (10 courses) during Years 11 and 12, including a minimum of 10 Year 12 units or equivalents. Students may use ATAR courses, General courses, VDSS courses, Foundation courses, VET programmes, or endorsed programmes to meet this requirement.

There are limits to the number of VET programmes (not VDSS) and endorsed programmes that may contribute to achievement of the WACE. In summary, students can gain unit equivalence of up to four Year 11 units and four Year 12 units based on completed VET programmes and endorsed programmes but a maximum of four units from endorsed programmes.

Further detailed information can be found at [www.scsa.wa.edu.au](http://www.scsa.wa.edu.au)

## Information regarding Year 11 Charges 2022

Course costs within this handbook are indicative and will be confirmed when the Contributions and Charges are approved by the Campus Board. Parents will be advised before the end of Term Four 2021.

There are no maximum charges set by the State Government. Charges the Campus has set for courses are **compulsory** and will depend on the courses chosen. Some specific courses will incur higher costs dependent on such items as text, subject-specific resources, materials, excursions, Certificates and work placement. These charges must be paid in full.

Students offered selected off-site programmes delivered by external providers, such as Certificates will be invoiced by the external providers.

### Payment Timeline

- 50% of compulsory payment due by Friday 28 January 2022. Balance of payment due by the end of Term One 2022.
- Periodic Payment plans are available these must be set up by 20 February 2021. Please contact administration to arrange this.
- Regular statements will be posted up until 1 July 2021.
- **Compulsory charges that remain unpaid as at 1 July 2021 could be referred to a debt collection agency unless prior arrangements have been made.**
- The campus is aware that the payment of contributions and charges can be a burden for some families. Part payments and credit card debits are all available to support parents/students experiencing difficulties. Ignoring accounts and reminders is unhelpful to all concerned. To assist families, estimated subject charges are provided to parents/students prior to selection of subjects.
- Offsite Programs: Parents invoiced directly by provider

### Payment Options the Campus offers

**Cash/EFTPOS/Credit Card** at NLSC Administration Building

**Direct Deposit** to NLSC

Account Name: North Lake Senior Campus  
BSB: 066-163  
Account Number: 00901441  
Reference: Student's Name

### Secondary Assistance Scheme

**APPLICATIONS CLOSE FRIDAY 8 APRIL 2022**

The Western Australian Department of Education provides an allowance to assist eligible families with secondary schooling costs.

**ELIGIBILITY CRITERIA:**

Parent or Guardian must hold one of the following cards:

- Department of Human Services (Centrelink) Health Care Card
- Department of Human Services (Centrelink) Pensioner Concession Card
- Veterans' Affairs Pensioner Concession Card (Blue Card)

# Year 11 Course Selection Handbook 2022

North Lake  
Senior  
Campus

The allowance is paid up to and including the year the student turns 18-years-of-age.

The allowance consists of two components:

- \$235 Educational Program Allowance paid directly to the school.
- \$115 Clothing Allowance paid directly to the parent/guardian or the school.

For Year 11 and 12 students in receipt of the allowance, the funds will be applied directly to compulsory charges.

Applications are available from Administration. **Late applications will only be accepted in extenuating circumstances** and must be accompanied with a written explanation.

Eligible interstate or overseas students who are enrolled after Term 1 may apply for the allowance. Date of enrolment must be noted on the application.

## 2022 Year 11 Course Offerings

### ENGLISH

#### **English ATAR - AEENG**

2022 Course cost \$95 per year

The English ATAR course focuses on developing students' analytical, creative, and critical thinking and communication skills in all language modes, encouraging students to critically engage with texts from their contemporary world, the past, and from Australian and other cultures. Through close study and wide reading, viewing, speaking and listening, students develop the ability to analyse and evaluate the purpose, stylistic qualities and conventions of texts and to enjoy creating imaginative, interpretive, persuasive and analytical responses in a range of written, oral, multimodal and digital forms.

#### **English Literature *General* - GELIT**

2022 Course cost \$95 per year

In the Literature General course, students learn to create readings of literary texts and to create their own texts, including essays, poems, short stories, plays and multimodal texts. Students learn to read texts in terms of their cultural, social and historical contexts; their values and attitudes; and their generic conventions and literary techniques. Students learn to create texts paying attention to contexts, values and conventions. Students learn about literary language, narrative, image and the power of representation. Students experience the aesthetic and intellectual pleasure that reading and creating literary texts can bring.

#### **English as an Additional Language/Dialect *General* - GEELD**

2022 Course cost \$90 per year

The EAL/D courses are designed for students who speak another language or dialect as their first or 'home' language. EAL/D focuses on the development of the competent use of Standard Australian English (SAE) in a range of contexts. The EAL/D General course prepares students for a range of post-secondary destinations in further education, training and the workplace.

#### **English as an Additional Language/Dialect *Foundation* – FEELD**

2022 Course cost \$90 per year

The EAL/D Foundation course is designed for students who speak another language or dialect as their first or 'home' language and who have not demonstrated the literacy standard in the OLNA. EAL/D focuses on the mechanics of Standard Australian English (SAE) and its use in the community, the workplace or in further education or training. Practical, relevant tasks delivered through a range of engaging contexts teach students to become effective communicators, code switching between languages or dialects successfully.

#### **Enrolment criteria for English as an Additional Language/Dialect**

If you do not speak Standard Australian English as your home language or are profoundly deaf and have had limited schooling in English or a limited period of residence in a country where English is not widely used, you may be eligible to enrol in EAL/D.

There is a form that needs to be completed in Year 11 to ensure you are permitted to enrol in EAL/D in Year 12. It is your responsibility to ensure the form is fully and accurately completed before it is submitted. The application information, stating the deadlines for submission, is available on the Authority website [Information for parents of EALD students applying online for eligibility.DOCX \(scsa.wa.edu.au\)](https://www.scsa.wa.edu.au/information-for-parents-of-eald-students-applying-online-for-eligibility.DOCX)

## HEALTH AND PHYSICAL EDUCATION

### **Health Studies *General* - GEHEA**

2022 Course cost \$115 per year

In this General course, students explore health as a dynamic quality of life. They will consider the way in which beliefs and attitudes influence health decisions and learn how to plan and take action that will promote their own health and the health of others.

They examine the impact of social and environmental factors on health and use inquiry skills to investigate and respond to relevant issues. The course also provides students with opportunities to develop skills that will enable them to pursue careers in health promotion, research or community health care.

## HUMANITIES AND SOCIAL SCIENCE

### **Career and Enterprise *Foundation* - FECAE**

2022 Course cost \$100 per year

Career education involves learning to manage and take responsibility for personal career development. This course is for students who have not demonstrated the literacy standard in the OLNA. The Career and Enterprise Foundation course involves recognising one's individual skills and talents, and using this understanding to assist in gaining and keeping work. The development of a range of work skills and an understanding of the nature of work are significant aspects of this course. Literacy and numeracy enriching strategies are heavily embedded in the Career and Enterprise Foundation course.

### **Modern History *ATAR* - AEHIM**

2022 Course cost \$100 per year

Studying the Modern History ATAR course enables students to become critical thinkers and helps inform their judgments and actions in a rapidly changing world. Students are exposed to a variety of historical sources, including government papers, extracts from newspapers, letters, diaries, photographs, cartoons, paintings, graphs and secondary sources to determine the cause and effect, and the motives and forces influencing people and events. Through the process of historical inquiry, students are encouraged to question and evaluate historical sources; identify various representations and versions of history; use evidence to formulate and support their interpretations, and communicate their findings in a variety of ways. This course prepares students to develop higher-order skills such as becoming critical thinkers and prepares them for further studies at university or TAFE.

## MATHEMATICS

### **Mathematics Applications ATAR - AEMAA**

2022 Course cost \$80 per year

This course focuses on the use of mathematics to solve problems in contexts that involve financial modelling, geometric and trigonometric analysis, graphical and network analysis, and growth and decay in sequences. It also provides opportunities for students to develop systematic strategies based on the statistical investigation process for answering statistical questions that involve analysing univariate and bivariate data, including time-series data. The Mathematics Applications ATAR course is designed for students who want to extend their mathematical skills beyond Year 10 level, but whose future studies or employment pathways do not require knowledge of calculus. The course is designed for students who have a wide range of educational and employment aspirations, including continuing their studies at university or TAFE.

### **Mathematics Essential General - GEMAE**

2022 Course cost \$80 per year

The Mathematics Essential General course focuses on using mathematics effectively, efficiently and critically to make informed decisions. It provides students with the mathematical knowledge, skills and understanding to solve problems in real contexts for a range of workplace, personal, further learning and community settings. This course provides the opportunity for students to prepare for post-school options of employment and further training.

### **Mathematics Foundations - FEMAT**

2022 Course cost \$80 per year

The Mathematics Foundation course focuses on building the capacity, confidence and disposition to use mathematics to meet the numeracy standard for the WACE. This course is for students who have not demonstrated the numeracy standard in the OLNA. It provides students with the knowledge, skills and understanding to solve problems across a range of contexts including personal, community and workplace/employment. This course provides the opportunity for students to prepare for post-school options of employment and further training.

## SCIENCE

### **Chemistry ATAR - AECHE**

2022 Course cost \$100 per year

The Chemistry ATAR course equips students with the knowledge and understanding to make the most of opportunities to investigate properties and reactions of materials. Theories and models are used to describe, explain and make predictions about chemical systems, structures and properties. Students recognise hazards and make informed, balanced decisions about chemical use and sustainable resource management. Investigations and laboratory activities develop an appreciation of the need for precision, critical analysis and informed decision making. This course prepares students to be responsible and efficient users of specialised chemical products and processes at home or in the workplace. It also enables students to relate chemistry to other sciences including; biology, geology, medicine, molecular biology and agriculture. This unit develops a strong foundation for further study in the sciences.

### **Human Biology ATAR - AEHBY**

2022 Course cost \$100 per year

The Human Biology ATAR course gives students a chance to explore what it is to be human, how the human body works, the origins of human variation, inheritance in humans, the evolution of the human species and population genetics. Through their investigations, students research new discoveries that increase our understanding of human dysfunction, treatments and preventative measures. Practical tasks are an integral part of this course and develop a range of laboratory skills; for example, biotechnology techniques. Students learn to evaluate risks and benefits to make informed decisions about lifestyle and health topics, such as diet, alternative medical treatments, use of chemical substances and the manipulation of fertility.

### **Human Biology *General* - GEHBY**

2022 Course cost \$120 per year

In this practical based General course, the focus is on understanding how the body systems maintain and reproduce life. The course content relates directly and indirectly to many different occupations, such as social work, medical and paramedical fields, food and hospitality, childcare, sport, science and health education. The course is designed to help students make informed choices as responsible citizens in society. There is a focus on the characteristics and support of life, and the role the respiratory, digestive, circulatory, urinary and reproductive systems. From the very first moments through to the birth of a baby are explored. Throughout, students will conduct Science inquiries. A wide range of practical, hands-on activities with a focus on discovery learning, enriched with relevant excursions, will be used to build knowledge.

### **Integrated Science *General* - GEISC**

2022 Course cost \$120 per year

The Integrated Science General course enables students to investigate science issues in the context of the world around them. It encourages students to develop their scientific skills of curiosity, observation, collection and analysis of evidence, in a range of contexts. The multidisciplinary approach, including aspects of biology, chemistry, geology and physics, further encourages students to be curious about the world around them and assume a balanced view of the benefits and challenges presented by science and technology. Students conduct

# Year 11 Course Selection Handbook 2022

North Lake  
Senior  
Campus

practical investigations that encourage them to apply what they have learnt in class to real-world situations and systems.

## **Plant Production Systems *General* - GEPPS**

2022 Course cost \$155 per year

In the Plant Production Systems General course students learn about and apply operational practices to selected plant enterprises. Students apply natural resources, such as plant varieties, climate, soil and water, to the objective of meeting personal and community needs. They work with food and fibre production systems, applying sustainable farming practices, and using appropriate agricultural technologies. This course provides the opportunity for students to prepare for post-school options of employment and further training.

## **Psychology *General* - GEPSY**

2022 Course cost \$100 per year

In the Psychology General course students will be introduced to psychological knowledge which supports an understanding of the way individuals function in groups. Students learn about well-known psychological models and theories, and the methods used to conduct scientific investigations in the discipline of psychology. Acquiring this foundation of scientific method and critical thinking is a valuable skill which students can apply throughout their study, work and everyday lives.

## **TECHNOLOGIES**

### **Applied Information and Technology *General* - GEAIT**

2022 Course cost \$65 per year

The Applied Information Technology General course provides students with the knowledge and skills to use a range of computer hardware and software to create manipulate and communicate information in an effective, responsible and informed manner. Students develop an understanding of computer systems; the management of data; and the use of a variety of software applications to investigate, design, construct and evaluate digital products and digital solutions. The course offers pathways to further studies and a range of technology-based careers and a set of skills that equip students for the 21st century and give them an appreciation of the impact of information technology on society.

### **Building and Construction *General* - GEBCN**

2022 Course cost \$240 per year

The Building and Construction General course encompasses the skills and applications of many of the trades and professions in the construction industry. Students have the opportunity to develop and practise skills that contribute to creating a physical environment, while acquiring an understanding of the need for sustainability, and an awareness of community and environmental responsibilities. Students will learn and practise building processes and technologies, including principles of design, planning and management.

# Year 11 Course Selection Handbook 2022

North Lake  
Senior  
Campus

## **Computer Science *General* – GECSC**

2022 Course cost \$100 per year

In the Computer Science General Course students are introduced to the fundamental principles, concepts and skills within the field of computing. They learn how to diagnose and solve problems while exploring the building blocks of computing. Students explore the principles related to the creation of computer and information systems; software development; the connectivity between computers; the management of data; the development of database systems; and the moral and ethical considerations for the use of computer systems. This course provides students with the practical and technical skills that equip them to function effectively in a world where these attributes are vital for employability and daily life in a technological society.

## **Design - Graphics *General* - GEDESG**

2022 Course cost \$90 per year

The Design Graphics course aims to facilitate a deep and rich understanding of the role of design and the Graphic Designer in the modern world. We look at the role of design and how ideas, values, beliefs, attitudes and information are effectively communicated to audiences through graphic design, in both the print and digital form. Students will develop skills and processes for current and future industry and employment markets in the field of Graphic Design. Students are equipped with the knowledge and skills to understand design principles and processes, analyse problems and devise innovative strategies through projects. Students will have access to industry-standard design suites and art studio facilities.

## **Food Science and Technology *General* – GEFST**

2022 Course cost \$180 per year

The Food Science and Technology General course provides opportunities for students to explore and develop food-related interests and skills. Food impacts every aspect of daily life and is essential for maintaining overall health and wellbeing. Students organise, implement and manage production processes in a range of food environments and understand systems that regulate food availability, safety and quality. Knowledge of the sensory, physical, chemical and functional properties of food is applied in practical situations. Students investigate the food supply chain and value-adding techniques applied to food to meet consumer and producer requirements. Principles of dietary planning, adapting recipes and processing techniques are considered for specific nutritional needs of demographic groups. Occupational safety and health requirements, safe food handling practices and a variety of processing techniques are implemented to produce safe, quality food products. This course may enhance employability and career opportunities in areas that include nutrition, health, food and beverage manufacturing, food processing, community services, hospitality and retail.

## **Materials Design and Technology - Metal *General* - GEMDTM**

2022 Course cost \$240 per year

Students interact with a variety of metal items and products that have been designed to meet certain needs. Students are introduced to the fundamentals of design. They learn to communicate various aspects of the technology process by constructing what they design. Throughout the process, students learn about the origins, classifications, properties and suitability for purpose of the materials they are using, and are introduced to a range of production equipment and techniques. They develop materials manipulation skills and production management strategies, and are given the opportunity to realise their design ideas

# Year 11 Course Selection Handbook 2022

North Lake  
Senior  
Campus

through the production of their design project. They work within a defined environment and learn to use a variety of relevant technologies safely and effectively.

## THE ARTS

### **Visual Arts *General* - GEVAR**

2022 Course cost \$130 per year

Students will base art making and interpretation on their lives and personal experiences, observations of the immediate environment, events and/or special occasions using a variety of materials. They will have the opportunity to explore and develop ideas for art-making and interpretation through the investigation of different artists, art forms, processes and technologies. In the Visual Arts General course, students engage in traditional, modern and contemporary media and techniques within the broad areas of art forms. The course promotes innovative practice. Students are encouraged to explore and represent their ideas and gain an awareness of the role that artists and designers play in reflecting, challenging and shaping societal values. Students are encouraged to appreciate the work of other artists and engage in their own art practice.

## ENDORSED PROGRAMS

ENDPRO 2022 course cost \$50

### Developing Social Skills (for the Workplace)

This program is designed to develop personal insight and social confidence. The Developing Social Skills program introduces practical social skills to young people 13 to 17. The learning process is constructed in ways that encourages the participant to question their thinking and their behaviours, and how these might benefit them - or not. This program aims to develop personal insight and general confidence, with the purpose of enabling participants to move easily into, and within, groups. Using animation has increased its learning appeal to a wider variety of learning styles and needs. The learning platform is easy to navigate and the activities and exercises are fun. More importantly this program provides clear reasons and benefits as to why social skills are so important to each and every one of us.

### The Employment Advantage

This program teaches young people how to find work and thrive in the job market. The program is contextual, meaning it is delivered in a specific order of learning, so students gradually develop an all-round knowledge of what to expect when looking for work. It also develops an understanding of how to optimise opportunities for success in the job market.

## VOCATIONAL EDUCATION AND TRAINING QUALIFICATION OFFERINGS

North Lake Senior Campus provides a broad range of Certificate courses in partnership with Registered Training Organisations (RTOs). All qualifications are nationally recognised. RTOs are licensed under the Training Accreditation Council (TAC) or the Australian Skills Quality Authority (ASQA) to deliver and assess these qualifications. They will be advised of the students enrolled in these courses in February 2020. A certificate or statement of attainment will be issued by the RTO to students who successfully complete all course requirements. Certificates are delivered to the school and then presented or posted to students.

Due to external auspicing and delivery costs charged to the campus, students will not be enrolled into Certificate courses until 50% of the certificate payment has been received, with the final payment required by the end of Term 1.

For further information, please phone or email **Sarah Hardman VET Coordinator**  
08 93140444 sarah.hardman@education.wa.edu.au

## 52841WA Certificate II in Introduction to Aged Care

This qualification reflects the role of support workers who follow an individualised care plan to provide personal targeted care to clients in a residential facility. Care workers' duties include:

- Carrying out activities to maintain an individuals' well-being through personal care and/or general activities of daily living
- Carrying out tasks related to an individualised client care plan
- Reporting directly to a supervisor

### Prerequisites

**Over 18 Years, obtain a WA Police Clearance, receive a flu vaccine**

Code	Competency
CHCCCS011	Meet personal support needs
CHCCCS015	Provide individualised support
CHCCOM005	Communicate and work in health or community services
CHCDIV001	Work with diverse people
HLTAID002	Provide basic emergency life support
HLTINF001	Comply with infection prevention and control policies and procedures
HLTWHS001	Participate in workplace health and safety
HLTWHS005	Conduct manual tasks safely

This qualification is delivered by Amana Living trainers at North Lake Senior Campus with some workshops delivered at the Rivervale Training facility.

Amana Training will organise **minimum 80 hours work placement**.

**Delivery** 2 days per week over 3 terms

### Further Study Options

CHC33015 Certificate III Individual Support  
CHC32015 Certificate III Community Services

**Cost:** \$300

**Amana Living Incorporated RTO Code 0609**

## BSB20120 Certificate II Workplace Skills

This qualification reflects the role of individuals in a variety of junior administrative positions who perform a range of mainly routine tasks, using limited practical skills and fundamental operational knowledge in a defined context.

When you complete the Certificate II in Workplace Skills you'll have the skills to open the door in a clerical or administrative role in a broad range of workplaces. You will gain a solid grounding in general office administration, including word processing, spreadsheets, workplace health and safety, and workplace communication.

Code	Competency
BSBSPEF202      Core	Plan and apply time management
BSBOPS201      Core	Work effectively in business environments
BSBSUS211      Core	Participate in sustainable work practices
BSBWHS211      Core	Contribute to the health and safety of self and others
BSBCMM211      Core	Apply communication skills
BSBTEC201	Use business software applications
BSBPWF201	Support personal wellbeing in the workplace
BSBTWK201	Work effectively with others
BSBTEC202	Use digital technologies to communicate in a work environment
BSBTWK301	Use inclusive work practices

**Delivery** 5 hours per week over 1 year

### Further Study Options

BSB30115 Certificate III in Business,  
BSB30415 Certificate III in Business Administration,

**Cost:** \$250

Certificate course offered by North Lake Senior Campus in partnership with IVET Institute Pty Ltd RTO Code 40548

## CHC24015 Certificate II in Active Volunteering

Students will explore the varied dimensions of volunteering, basic communication and organisational skills to effectively equip themselves moving into the workforce post-secondary schooling. The qualification will empower students in the employability skills of working with others, communicating in the workplace, workplace health and safety and diversity within the workplace.

HLTWHS001	Core	Participate in workplace health and safety
BSBCM201	Core	Communication in the workplace
CHCDIV001	Core	Work with diverse people
CHCVOL001	Core	Be an effective volunteer
CHCCOM001		Provide first point of contact
CHCCOM005		Communicate and work in health or community services
BSBPEF201		Support personal wellbeing in the workplace

As part of Certificate II in Active Volunteering the student must complete 20 hours of volunteer work which is part of the assessment process and the student will be supported in locating a suitable placement by their delivery teacher.

**Through student choice they can also elect to complete a two further units. This will allow them to achieve CHC22015 Certificate II in Community Services. Additional Costs will apply.**

BSBWOR202	Organise and complete daily work activities (this unit may change due to training package updates)
FSKOCM007	Interact effectively with others at work

**Delivery** 5 hours per week over 1 year

### Further Study Options

CHC32015 Certificate III in Community Services

CHC30213 Certificate III in Education Support

CHC30113 Certificate III in Early Childhood Education and Care

**Cost:** \$430

**Certificate course offered by North Lake Senior Campus in partnership with IVET Institute Pty Ltd RTO Code 40548**

## CHC30221 Certificate III in School Based Education Support

This qualification reflects the role of workers in a range of education settings and community education settings, who provide assistance and support to teachers and students under broad-based supervision. You will learn how to implement **planned education programs**, assist students in their **learning and development**, contribute to the safety and health of students and **support students with additional needs**.

Students are required to obtain a **Working with Children Check and a Department of Education Police Clearance**. Students under the age of 18 will be required to complete the WA Department of Education Confidential Declaration Form.

CHCDIV001	Work with diverse people
CHCEDS033	Meet legal and ethical obligations in an educational support environment
CHCEDS034	Contribute to the planning and implementation of educational programs
CHCEDS035	Contribute to student education in all developmental domains
CHCEDS036	Support the development of literacy and oral language skills
CHCEDS037	Support the development of numeracy skills
CHCEDS057	Support students with additional needs in the classroom
CHCEDS059	Contribute to the health, safety and wellbeing of students
